“ *I'll never forget my time on the golf course with Uncle Bob. We had so many great chats! We both shared a love for broadcasting - sometimes I wonder if my career path wasn't further inspired by our discussions of radio and television. He and Aunt Cyndi had something we all should aspire for - a relationship filled with unconditional love. You could see his heart melt when he looked into her eyes. That kind of love never dies. Remarkable souls never die. They linger in our hearts and in our minds. Our lives are better because we knew Bob Naumoff. He made the world a better place.*

“ From the day Cyndi introduced us to Bob, we knew she found her perfect match. Bob was fun to be with and easy to talk to. Our son Steve loved to be with Bob. They played golf together, shared their love of music, and Bob encouraged him to pursue his career in journalism and communications. Steve and I have many memories of dinner dates, breakfast dates, and holidays together with Bob and Cyndi. He always made us feel welcome and part of his family. He was definitely a part of our family. He will be missed by the three of us, but he will always remain in our hearts.

“ My dad was my teacher and supporter in life. He was there for everything I needed him for. I could always depend on my dad for love and understanding. He was a wonderful dad and amazing Dedo (grandpa) to his best buddy Sydney. I hurt so much and can hardly believe he's not here to talk to anymore. I miss him so much already. I'm so thankful to have had him for as many years as I did. My only hope, in his last days, is that we all gave him what he needed (love, support, blessings), as much as he gave to everyone during his life.

*I love you so much dad, and you will always be remembered with love and smiles. I'm so grateful to have had you as my dad.*

*Bob was my knight in shining armor and he treated me like his princess. There wasn't anything he wouldn't do for me. The last 28 years have truly been the best of my life. The vessel may have broken, but I will always have what was inside, his love. I will miss his quiet presence, but I know he will always watch over me. All my love, forever Cyndi*

*My brother Bob was always there for me when we were growing up. I would consider us to be very close during our childhood days. I have so many memories especially our annual Trek to Toronto. School would end and off we go to the barber for the annual "Summer buzz cut". Mom and Dad would take us to our aunt's home where we would spend our summers and be picked up by my parents around Labor Day. We would enjoy visiting our cousins and other Canadian relatives. It was a great time for both of us. Even when we got older, we would always take time to be with our "Kuzoff" side in Toronto. Lot of memories and I could go on and on. The most important is my memories together. Bob and I always teased about which on of us was the "Good Brother". I will miss you greatly and will have the last word regarding this. Bob you were the "Good Brother" and you will always be with me. (PS, I'm sorry for biting you on your back when I was 8 years old because you were moving too slow getting off the train.)*

*Bob's open arms of friendship always made me feel "at home". His twinkle in humor, his wise consul in life decisions and his daily practicality were shared during afternoons enjoying the outdoors or a phone call away. Bob continues to make a difference in my life. I will always laugh when I see a new little house design he might like for the backyard where I could move. A new Cub slogan might be the right one to sway his allegiance for a game. Saving messages is never good Bob would tell me and I houseclean regularly. But most of all the confidence in my walk from a friendship that makes me stronger will be with me always.*

*Bob and I have had our lives intertwined for many years. We have watched our daughter grow up, go through graduations, get married and have a child of her own. I've seen Bob happen in his marriage to Cyndi and am very glad of that. He was a great dad, father-in-law and of course a Dedo (grandfather). He loved being involved with Sydney (grand-daughter) at functions in her school.....concerts and field trips. Actually he enjoyed anything with Sydney, a favorite was Greenfield Village outings. Bob and I have shared many wonderful family moments. I'm very happy we have been good friends all these years, we could call each other to discuss something or give help. Needless to say Bob loved life and thrived on family,*

*He will always be missed and loved.*

*We could not have had better neighbors than Bob and Cyndi. We enjoyed Bob's love of gardening and were fortunate to enjoy their beautiful garden as their next-door neighbors. Even more beautiful than their garden was the love they shared. We will miss you, Bob.*

*Bob and Cyndi spent many dedicated hours as volunteers on our Used Book Sale, carting and sorting probably thousands of books. On behalf of all of us at the Plymouth Library, I extend our deepest sympathy to Bob's family and friends. His gentle, kind presence will indeed be missed.*

*Bob was the forever partner for Cyndi who loved sharing life's adventures with her. The trips by train or car, to the ocean, lakes, mountains, forest or a simple walk to Plymouth. He enjoyed train travel and the history of trains. One evening he showed us a DVD, the Adventures of Rocky and Bullwinkle, we laughed and shared childhood memories. He found the true beauty of life with Cyndi and his love of gardening. Family and friends will cherish fond memories of Bob and keep them in our heart forever.*
