“ Bobby was my cousin and it has been many years since I have seen him. However, he will always be remembered for his great personality and a smile and laugh that filled a room. I was always excited to see him at family gatherings because he just had a way about him that made you feel good. You wanted to talk with him and be around him and laugh with him. I am very sorry to Cheryl and the rest of his immediate family. My sincerest condolences and love,  
Dena
