“ I'll never forget spending the summers with Nana and Bompá when they would stay in their camper in the yard. I'll always cherish the memories we made when I came down with my family to stay with them in Texas. My favorite memory will always be from when Bompá and I went fishing on his boat and riding in his big, white, dueley truck when I was little. I'll never forget the smile on his face when I caught my first fish with him. That's how I want to remember him and that's how I always will. I will love and miss him forever. - Nathan (Great Grandson)

“ *Tante Paula, I just read the sad news via Facebook. We here in Belgium sympathize with you enormously. The man of your life for whom you once left Belgium was able to be with you until the last. I admire you and want to express my deepest respect.*

Our deepest condolences to you and the entire family on Roger's passing. Too bad we live on the other side of the world, because I would really like to give you a big hug. I know very well how you must feel .

Words fail me, ...

Our deepest condolences also to the entire family. We are thinking of you .

“ *One of the greatest men I have ever had an opportunity to know. For many years Roger managed to fix everything I could possibly break in the numerous vehicles I would bring to him. Even after retirement he would still have me bring vehicles to his house or even come to mine.*

I know besides his family his great passion was fishing, anywhere anytime.

I hope you find the Honey Hole, old friend.
