“ Mr. T was a very kind man. At Franklin Jr High he had an amazing floor to ceiling bird cage. I would look after his birds from time to time for him. As a thank you he made a little paper mache chipmunk sitting on a log for me. I still have it today, 40+ years later. He will be missed.

I had Mr Tibault for a teacher when he was young at Franklin Junior High in the 60s I was a very nervous girl and had a nervous stomach ...but when I came in to mr. Teibeault's calm classroom, I always felt calm and love in the air. he never degraded his students or made them feel stupid. One year he did a death mask on one of the boys students it's a form of Art. He asked all the kids if they wanted to come in and see it.

“ MR. T. was one of the best teachers at Franklin junior high. He was my art teacher. And will always be grateful for his lessons. He was patient and kind. He wouldn't do the work for you but if you were having a problem with a project he would work with you to get it done. Thank you Mr. T. Prayers for and condolences to his family. May they find peace and comfort in the loving arms of our Creator at this difficult time. May they find comfort from his many students memories of their father and grandfather. Rest in peace Mr. T.
