“ Dad, I still can't believe that your gone. Our hearts are broken but I keep thinking about one day we will meet again. Your Grandsons, Justin and Joshua Ronald has nothing but Precious Memories of you as well as myself and Tommy. You worked so hard thru out your life for Mom, an for us kids and your Grandchildren. And you showed your love and concern about us all. I will never forget when this time last year I was in the hospital in C.C.U. and you came in and held my hand and cried while telling me Kathleen your going to make it thru this. I will never forget this. Just like everything else thru out the years that are so precious too me and your Grandson's. I will never forget when you bought me my first car and you took me out to let me drive it an it was Standard, and after me driving you around and you seen I could drive it, and we pulled in the Driveway and you said okay Kathleen here is your keys it's all yours. And here I didn't have the confidence in myself but you did. You had a heart of Gold an full of love an kindness and caring. You will forever live on in my heart and mind as well as your Grandson's. We Love you so much an will miss you. But One day we will all be together again and never have to part or shed another tear. You will never be forgotten Dad.
