“ *My prayers and remembrance of Rosie are with you now, as her funeral mass is being said. I grieve the loss of our family member, the mother of strong young men, your dear sister and my beautiful first cousin. How I remember the long ago days when I looked up to 'you girls' ...just slightly older, but so sophisticated and beautiful. Rosie will always be remembered for her gentle voice and beautiful spirit.*

*Though she had a difficult struggle, her life was richly blessed; she leaves behind a legacy in her sons and her grandchildren.*

*She is now resting in eternal peace. May the light of Christ shine upon her and remain with her forever. God bless, and comfort, all of us who loved her.*

“ Carol,

*Please know you and your family are in my thoughts and prayers. I am so sorry for your loss; even though Rosie is in a better place, it still is not easy for those left behind. I am here if you need anything.  
Love, hugs & kisses, Kay*
