“ He was a great father, who always looked after his family. A loving husband who was funny and enjoyed life. He lived a beautiful life always giving to those who needed the attention and made people laugh at his jokes. He will be sorely missed but remembered in our hearts forever.

*Love you,*

*We had a work camp must be 20 years ago up at Camp Wakanda. We had a big group gutting and rebuilding the Thalman building. I met Ross up there. He amazed me with his density for energy packaged in that little body! He took on the task of pulling nails out of all of the old 2x4 boards removed. Turns out he saved the project as the new 2x4 boards were not delivered and we were able to re-use his salvaged lumber. I was so impressed with his humor and hard work at that age, he was an inspiration to me. I will remember you forever. Peace!*
