“ *I remember when I first met him as I walked into the house from a long ride and he was doing dishes for Diana and making dinner. I was so surprised. I believe from the moment they laid eyes on each other it was true love at first site. I knew he was meant for her. There weren't 2 more deserving people to have the love and passion they had for each other and their kids. He fought all the way till the end like a true warrior does.*
