“ *Steve was like the brother I never had. He was the shoulder I cried on more times than I would like to admit. He always had the right thing to say that made me feel better. We had memories that I will cherish for the rest of my life, fun times, crazy conversations, laughs and tears. I pray he is in Heaven looking down on all of us today as we say goodbye for now but not forever. I love you Steve, you were the best. I'm so sorry for the pain you felt, but now you are at peace, no more pain, no more worries, just freedom. Fly high and until we meet again RIP my dear friend!*

Steve was one of my best friends in high school. Although we drifted apart after, it was good to reconnect with him years later. I will miss his great sense of humor and the honesty with which he approached nearly everything. I am very sorry to his family, especially to his son, for their loss. Thanks for the many memories, Steve.

Larry, Steve and I were kind of a three stooges if you will. We were kinda athletes but not the best athletes. We were cool in our own right but not maybe but others standards. We were the square pegs but we had each others backs. We had a chance to reconnect at a class reunion and I ws amazed at how much we had changed. Now I have to say goodbye. Until we meet again in the hereafter. Your Friend Richard Sheppard.

“ I will always think of Steve as a brother. He was there for 20 of the best years of my life, and some of my worst moments. He will be remembered as the caring guy he was.

And I will remember all the fun we had. The hockey games, and mostly just goofing around. We could make each other laugh. Like, fall on the floor laughing. I can still hear his laugh, like it was yesterday.

And I will remember how he loved his baby boy, Nickals. This is so unfair. I'm sorry for us, all. I am mostly sorry for Nicklas.

Steve, you were loved.

“ *No words can express my sincere condolences for the family of my one time dear friend. Steve and I worked together years ago when we work Midnight's at Bank One, we had great and silly times there, anything to make the hours we worked pass , Steve and I had alot of the same ideas about almost everything BUT music, we did not agree on that, I believe I still have a cassette tape of music he made for me trying to covert me and wrote on tape this is real music. I will always treasure the laughs we had and all the time we spent together. I loved you my friend and until we meet again RIP.*

“ My heart is saddened by the loss of Steve. Work is already different without you. I was hoping that it wasn't true, I've cried so many tears after learning of your passing. You were one of the most comical people I've ever met. Thanks for the laughs and the music. I said our famous saying this morning... "Not our circus, not our monkeys." RIP Steve.
Love ya and Miss ya!

Our times as youth group leaders are some of the best times of my life. The kids, who are now in their 30's, and I could never have asked for a better man to work with and have lead their young lives. You were "Pierre" during the planning and rehearsing of our youth church service, your "shut your pie hole" comment sent us all into complete laughter, whirly ball, retreats at the Howell Nature Center, chariot races on the Fellowship Hall floor, all of the games, etc., were outstanding. Your lessons were so heartfelt and loving....taught them so much. You will always be remembered for your funny, loving, and sarcastic ways. The kids and I will never forget you. Fly high with the angels! xoxo
