“ My heart hurts for you. I didn't get to spend much time at all with Mike, there's so many miles between us. I can remember when he came to Arkansas and I got to meet him for the first time. He would always tease us about the way we talked so country. He came to stay with me a little while when he was down visiting after I had kids (Brianna and Josh Driver)and before he left he had both of them swimming the length of the pool and going off the diving board. I don't have a lot of memories but what I do have I cherish, right down to the morning he showed me how to make gravy. I know y'all have many memories together, cherish them, remember the good times, that will help you through this time in your life. I will be getting your address from mom and sending something. Your dad was so very proud of you both.
