“ *Steve was a great guy! I worked with him at EMU and always enjoyed our conversations and always walked away laughing after talking to him. We always enjoyed it when Steve Would play euchre with us at lunch and breaks. After he went to Ford's, I was always happy when he would stop by and see us on his way home from work. My sincere condolences. Dick Grimston*

“ *So many memories Steven!! I've known you since you were five. I thank you for being the brother for Norman, you took him under your wing and you both never let go of each other. So many memories, but one day we can reminisce when we meet again in heaven. I know that you are having a great time there and I know my mom baked you a birthday cake, and you and Sharon shot off fire works. Love you my brother from another mother!!*

“ Steve and I worked together at Mastercraft Plumbing. He was by far the best person I had ever been partnered up with. Steve was always a joy to be a round and he always had a joyful smile and great attitude. He was a proud father who would love to talk about his kids as they were growing up. I remember the day Steve got a job at EMU. I was so mad, knowing he would be moving on, yet happy for him because I knew he was making a great move for him and his family. Anyone who had the chance to work with Steve knows, what a great guy he was. I will miss my old friend and pray that his family finds peace in knowing how many lives he touched.

“ I worked with Steve at EMU, always liked working with him on jobs throughout campus. We worked great together, we each had our strengths and attention to detail and had pride in our work. I really missed him when he left to work at Fords, and even though I’ve retired from EMU since, I still think of good times we did have there. Miss you Steve, I know you’ll be up there looking down and protecting and guiding your family along the way. 🙏
