“ *Rob & family, What can we say about all of our good times growing up together and having plenty of laughs. Thelma was always a picture of happiness and we know that she definately earned her wings as she was always willing to help others and be there for others. She was a wonderful mother and beautiful person that we were all so honored to have known. She will always be remembered in our hearts. Whenever we mention Rob's name we can't help but remember his side kick, Grace. We all have alot of stories about Rob's first true love. Jason is still glad that he has a finger to use. We're sure that Hal and you have plenty of good stories you probably wouldn't share. I know that Rob was always like part of our family and we were blessed to have known you and your mom. Please, keep in touch! May God bless you and your family during these hard times and know that others are thinking of all of you. We love you! Entwistles'*

“ Rob & Family, My thoughts and prayers are with you all. I took a walk through the old neighborhood a couple of weeks ago and passing by your old place at Cross & Main brought back wonderful memories of the times we had at your place and how special and caring your mom was. Take care. Bob

“ It was my pleasure to meet Mrs. Jankowski when Rob was a student in eighth grade. Rob was very intelligent an inquisitive as a student. Rob's mom was very proud of him and encouraged him in is studies and interest. It was my honor to meet with Rob and his mother on several occasions. Both were very engaged in life's challenges and rewards and always seemed to see the "glass half full." It was a challenging time for Thelma having just lost her job at St. Margret's Hospital and concerned about Rob's future. She was a very caring person. Rob and she exchanged the usual conflicted conversations that would go on between most parents of an eighth grader. While observing these conversations, I always the glimmer in Thelma's eyes knowing that Rob was going to be ok. My condolences to all of the family, but particularly to Rob who was the student that all teachers would want in their class. I have thought about Rob on several occasions, sorry that our contact is under these circumstances. I know that God in his loving mercy will watch over you in this time of sorrow. Regards, Clarence Dingerson

“ Rob, Please accept my sympathy over the passing of your mother. While I haven't seen either of you in recent years, I certainly have fond memories of our high school days, and will always remember how pleasant and kind your mother was to all us boys. And when I ran for public office in 1992, she was the first person to call me and request a yard sign! With Warmest Regards and Deepest Sympathy, Dave Carey and Family
