“ Dad P, I will cherish all the great times I spent with you. You were always there for us no matter what. Thank you for being such a terrific grandfather to my kids. My boys will hold dear the memories you made for them during the many camping trips to Grand Haven, sleep overs and excursions. You were robbed from us way too soon. I love you ❤️

“ *My Dad was a great man. He was always there when you needed it. He always had the best intentions and strong advice. He would never tell you to do something that would make matters worse. He was a hard worker and had many great friends. He stood for what he believed in. He loved his brothers and sister. He never abandoned his sons. He had a sense of humor, I don't believe there is anything he enjoyed better than a good laugh. He had a tremendous laugh. I'd make you smile to hear it. He adored his grandchildren. Always their a concerts, games, dance recitals. Loved camping and exploring, he loved nature. He loved cars, motorcycles and having the nicest things around him. Mostly he loved being surrounded by family, barbecuing, laughing. We lost so much time in the end but I know his troubles are over. He's finally at peace. I love you Dad and will always be proud to have been your son.*

*Ted is still watching over his family and smiling from all his cherished memories of growing up, camping was his all time FAVORITE and spending time with his grandchildren but coming in a close second was washing all his cars, trucks, motorcycles even though they were't dirty...It was an honor to get a half flag salute from his car dealership for all the business he gave them. Ted was made an honoray Deputy Sheriff...He may have been known to some that he doesn't play well with others BUT those that got on his good side were the most true loyal friends of all..I am still processing I spent 24 years with this man.....The Legend lives on....*
