Theresa Hosey Memorial Scholarship For the advancement of the education of OR nurses

About:

Our mother was an amazing nurse—she graduated from the University of Michigan School of Nursing and worked as an OR nurse within the U of M hospital system for over 20 years. She was a member of the Association of

periOperative Registered Nurses (AORN) throughout her professional career. Donations made in her memory will go toward a scholarship created in her name and administered by the AORN Foundation. The AORN Foundation exists to "advance patient safety by supporting nurses who make surgery safe through education, research, and patient safety initiatives." As a charitable non-profit organization, it aims to make a difference in the lives of perioperative nurses by funding academic scholarships, professional development programs, and research.

Alternatives in Motion

Serving children & adults with mobility issues

About:

Our mother had complications with her left foot ever since she endured an accident as a very young girl. She was very active for the majority of her life and bravely entered surgery numerous times over the years whenever her injury gave her particular trouble, which unfortunately was far too often. At her passing, she was in recovery from the latest surgery on her foot that was intended to help a persistent wound finally heal, thereby improving her mobility and her overall quality of life. Through it all, our mother was strong, never complained, was always thinking of others, and was the most fun person to be around.

The mission of Alternatives in Motion (AIM) is to "enhance independence through access to mobility equipment" for those who do not have the necessary means, and all donations will directly support its vital mobility equipment program. As a local organization, AIM was able to provide mobility

equipment to more than 400 Michigan residents in 2018 alone.

How to donate:

1. Via check—please write "Theresa Hosey" in the memo line and mail to:

Alternatives in Motion

2215 29th Street, SE Suite A6

“ I was so sad to hear of Theresa's passing. We started working in the OR about the same time and she was so much fun to work with. I appreciated her sense of humor and quick smile. I hadn't seen her much since I left the OR but would run into her occasionally at the hospital. So sorry for your loss.

“ I had the pleasure of working with Theresa for many years. She was an original member of the OpTime team, which was formed in 2012 for the Epic "Big Bang" implementation. I remember the day she came over to the East Ann Arbor Surgery Center to discuss joining the team. She was working in IT for the OR's, so we had a very comfortable conversation about the next big project, ending on an excited note, looking forward to a challenging project. She was always collaborating with the inpatient nurses and folks on other teams to make sure our clinical content stayed in sync. She was respectful to everyone and truly valued the opinions of others. She coordinated birthday celebrations, potlucks, baby shower gifts and team events because she cared about people and enjoyed bringing them together to share a bit of their personal lives. She had a great sense of humor and her presence will be sorely missed!

“ Theresa will always hold a special place in my heart. She was such a warm, loving , ever smiling and welcoming person. I have worked with her since 2012 and she has always been there to listen and help whenever I needed it. She was the joy and warmth of the team and always made it a point to remember and recognize everybody's birthdays and special moments. Last year,even with the heavy rains and her crutches she came so far to give her wishes to my son before he left for college. I will miss Theresa a lot!! Will miss stopping and seeing her at her wonderfully decorated desk every time I made a trip to the coffee room.
My deepest condolences to the family. She will be greatly missed.May she rest in peace.

“ Theresa was such a joy to be around. I worked with her many times on projects with the MiChart Clin Doc team. As celebration at the completion of one those projects she gave everyone "champagne" bubbles and an 'owl' lip balm. Theresa always remembered to thank others and see the greatness in others. We chatted many mornings in the break room, and I will greatly miss her smile and laughter.

She always gave a few minutes to laugh. She gave me a little giraffe for my office. I'm glad I have it. I stood in her office last night thinking of her while admiring all of her owls and family photos. I am sending thoughts and prayers to her family.*

“ I am so fortunate to have worked closely with Theresa for the past 2 years. Theresa knew how to make us all smile. She was silly, smart, and most of all, kind. She decorated her scooter and gave it a bike bell to ring at people for fun. She remembered everyone's birthday and always had a card to give them. She made sure every new teammate got their 1st OpTime Owl. She was always up for decorating for a party, playing lunchtime games, wearing silly masks or just laughing at a joke- Theresa made work fun. I will miss her dearly. My thoughts and prayers are with her family during this difficult time. God bless.
