“ I retired from AAA last year, but was there for 30. Gosh, seems like Val was there for at least the last 10 of those. Steve, as you can see, she was dearly loved by the employees at AAA. She was our expert sandwich maker. It amazed me how she remembered our names and exactly what we liked to eat. The cheerfulness with which she did her work was very refreshing when we'd break to go eat lunch. As you can see, she was dearly loved, and I'm sure sorely missed by those still working at the AAA Headquarters. May the strength of God give you courage, and his grace give you peace in the days ahead.

“ *Working in a stressful environment it was always a pleasant trip to the cafeteria to see her smile. The highlight of my day many times. She made a lasting impression on many many people. I am not a sandwich lover, but Val made them so good she converted me! Her special sauce was her being the kind person she was. She will be greatly missed by all.*

“ Valerie, Val, as I called her was always friendly and kind to me and many others. I enjoyed seeing her every day during lunch as she would always ask me if I want the usual. I also enjoyed walking off campus with her and chatting about work and life.

*I miss her and will continue to miss her and remember her. I am honored to have known such a wonderful person. This is so sad and heartbreaking.*

*May God bless your soul.*

“ I was also honored to know Valerie from the cafeteria at work. She always had a positive outlook and a smile, even if she was not feeling her best. She was a bright light in this world and will be missed terribly. May your beautiful memories and God's love comfort you at this time.

*i had the pleasure of seeing Val daily at the AAA cafeteria. She was always cheerful and despite what was often a busy time, she took the time to learn the names of her customers and she also remembered what they wanted on their sandwich. She addressed each customer she knew by name. I never told her my name but one day, she just knew what my name was. We missed her when she went on vacation because the sandwich line was slower and the sandwiches did not taste as good. RIP Val. You made a positive impact on many people's lives by paying attention to the "little things" and being nice.*
