KI

*My first memory of Vickie was at her age of 3-1/2 year old when she became a foster daughter in my parents home. She had very long dark hair that was pulled up into a pony tail and she was so tiny. Once Vickie became comfortable to her new setting, she would smile big and her whole face would light up. This is the smile we loved to see because we knew she was happy. Vickie has shared that smile with family and friends many time over in her life. Please share your happy memory and smiles of Vickie with us...we'd love to hear your story.*

KD

*My earliest memories of Aunt Vickie were the late 90s in Clio when she had her little studio apartment. I remember all her cat stuff and how clean she always kept everything. She was always so happy and loved hanging out with us kids. She was over a lot and we saw her often through the years. I remember her handwritten letters and the birthday cards, wedding cards. How quickly she liked my wife when she met her for the first time. Aunt Vickie would've done anything to help out, and always tried to share her happiness with everyone...(unless you got on her bad side, but that's another story. Boy, could she catch an attitude if she felt wronged!) Even though we didn't talk too much over the past few years, she always reached out to make sure we were okay and sent us some of her best jokes and ask how mom was doing. I'll miss seeing her for now, but one day we'll meet again and I can't wait to hear all the new jokes she'll have. ❤️🌸*

*For those that don't know me, I'm Tammy. I had the pleasure of taking care of Vicky for 6.5 years. I'm going to miss her like crazy, miss all the trips we took to Houghton Lake, the morning forecast, all her jokes, her good morning "Grandma" ( that's what she called me) Most of all her SMILE. She was such a sweet and caring lady. She has a very special place in my heart and always will. I'm going to miss you "Little Bit!"*
