“ *Nancy and I are saddened by Walt's passing and share our good thoughts and prayers with his family and friends.*

Walt and I worked together at Shell. Walt was a street wise plastics expert who got problems solved and products sold. Walt was a born leader with an effervescent personality and a sense of humor that made work life more fun!

Walt and I kept in contact over the years, as recent as September. Walt was a quality man and a good friend who will be missed. I'm sure Heaven is a better place with Walt there!

" If you love someone say it and show it like there is no tomorrow, because there are no guarantees! Live each day like it's your last!"

“ I just learned of Walt's death. He was a work colleague and friend while at Shell in the late 90's. We stayed in touch and visited anytime I was in the Detroit area. Fortunately I had spoken with him as recently as Sept. His personality could light a room or energize a business meeting. He was a true plastics professional, part of the Carilon Team and a great friend of more than 20 years. Rest in peace Walt.
