“ I first met Wayne at the drinking a fountain at work he'd say good morning all cheerful and he clean up and do anything anybody needed very kind and caring person which put me in the best of moods and I told him so I look forward to it every morning and he said the same thing he looked for me.

After our retirements from general motors I ran into him up at the fifties McDonald's and from there we would spend hours playing guitars together we wanted to get back to it in recent conversations.

He shared the stories of enjoying spray painting vehicles he loved to make them just right and he always wanted to paint my 69 Nova he brought it up at every conversation he wanted to do it just to help me out. He enjoyed those drone airplanes as well as he used to fly helicopters.

Several times we'd ride our Harley-Davidsons together one time all the way out to Irish hills and he said it was the most funny ever had.

Recently I had surgery and he wanted so much to drive me to the hospital what a terrific friend and brother he'll always be God bless you young man!! 😊🙏

If ever I can be of any help to please let me know!!
