“ The only time I ever saw Wendell unhappy was on the anniversary of his son's death. Most of the time we were goofing off and aggravating someone and having fun. I will miss him very,very much. He was very proud of his family and loved them a lot. He was one of the funniest guys I ever met, many stories can't be told in mixed company. I will miss his phone calls, there always seemed to be a telepathy between us, I would think about calling him and the phone would ring. Love and prayers to all he held dear.
