

Westley Barr

September 5, 2001 - April 25, 2026

Barr, Westley - April 25, 2026 age 24 of Livonia.

Westley was the beloved son of David Brewer and Kristie Barr, and the loving brother of Kaitlyn Barr, William Barr, and Scott Staver. He is also survived by his grandparents, uncles, aunts, cousins, and one nephew.

From a young age, Westley enjoyed being active and spending time with the people he loved. As a child, he loved playing baseball, riding bikes, and hanging out with friends and family. He graduated from Churchill High School in Livonia, Class of 2019, and went on to obtain a degree from MIAT for climate technology. He was also a licensed mechanic, which he loved.

Westley had a lifelong love for animals and cared deeply for his pets over the years, including dogs, cats, lizards, snakes, and a ferret. He also enjoyed riding motorcycles, doing wheelies on mopeds, riding scooters and skateboards, mixing music, and anything involving cars. He will be remembered for his smile, his energetic spirit, his many interests, and the love he shared with his family and friends.

“ Wes was such a good boy, and grew into such a good man. He was such a genuine and sweet guy, with so much love to give. The impact he has had on anyone who's met him will persist along the memories we've all shared.

“ I've known you since highschool. You even worked for me at uncle Ed's oil shoppe for a few years. Everyday working with you was a great day. I'll never forget the day when we did a radiator flush on 105 degree day and all the fluid spilled in the lower bay. We were both getting stupid loopy from the fumes and laughing about how much it sucked. You were a kind and caring man. Rest in piece brother.

“ 2 years ago I got a moped and my friend had a grom, one day we were all riding and just kind of ran into each other and thats how i met Westley. I was scared shitless to do wheelies but over the course of one month, i was doing great. This is more than wheelies, i was doing great because Westley was like my coach pretty much lol and got me to realize that the only thing stopping me from progressing was because I was scared of falling, he showed me that If I just go into it with no doubt in myself and the only thing i can be scared of is failing then I would, at some point, succeed. Whenever we went to hangout it we never planned anything but we always had fun, from the garage talks, the rides, the laughs everything was always fun. Gonna miss you man

“ When I met you 2 years ago, I lost my phone. You were the only one who helped me throughout the day trying to retrace our steps, calling, and revisiting places we were, and where it possibly could be. You're one of the nicest, most down to earth people I've ever met. We became friends that summer and I'll never forget the day we met. You're a truly amazing person and I'll forever miss you brother.
