“ *Bill was technically a cousin, but growing up, he was more like a brother. I remember him calling me on my thirteenth birthday, asking me what it was like to be a teenager. He told me ghost stories that scared me to death with I was a child and teased me that I became an attorney because I didn't know what else to do with four years of High School Latin. I think he was right! He was always kind, funny, thoughtful, very smart and very very funny. I don't know what I will do without him because no one else remembers the crazy times at the Kincaid Christmases. I loved him so much. Judi, Derek Michelle, I am just so sorry because I know how much you are hurting. He was so special. I love you all and pray your hearts will heal.*

Bill was a long time friend and confidant. He and I spend a lot of time together over the past 37 or so years....Indian Guides camping, the Football Pool and seasonal party groups, playing "over-40 basketball" for 22 years, preparing income tax returns and teaching tax preparation for AATP Tax-Aide, swapping wood chippers for air compressors....and doing lots of household maintenance items as we raised out children in Plymouth. At Ford ,whenever I traveled down the Southfield Freeway past I-94, I would swing by his office to say hello and share a cup of coffee--and whatever Ford gossip that was appropriate. I always enjoyed his wry sense of humor and quick wit, as well as his warm welcoming personality. I miss him, my friend, very much.
