“ *SR, you were truly the best father in law a daughter could as for. We had the best times together even thou I got on your nerves and make you take selfies, I will charish them for ever. You are so loved by many people and made a impact on ever single person you meet, that's the Bill I know and love. Thank you for being the best Father in law, Grandfather, Father and loving husband.*

“ *I worked with Bill for many years a NSA. We called him Mad Dog. He was the best field Architect, and he could design the best architectural details in the business. He was tough as nails on one hand, but on the other he was always mentoring the young Architects, sharing his vast library of knowledge. He taught me a lot over the years. It was an honor to have known and worked with him. My wife and my deepest sympathy go out to Linda and his kids and grandkids.*

Thanks Mad Dog! Rest in Peace!

I also worked with Mad Dog at NSA in the late 80's early 90's. He was one of the funniest and easy going guys (at times) I have ever worked with. He taught me a lot about architecture and a lot about life too. We had many great conversations and many good times, he made work bearable. I will always be grateful to Bill for helping me early in my career and making me a better Architect. Rest in Peace Mad Dog...you will be missed but my life is better because I knew you!

“ Bill was always "Mr. Cool" as far as many of us were concerned. We spent many days riding out to the many lakes in the area. A beer or two didn't hurt either. Going to miss you Mattie. God bless.
