“ *Priss and I were BFF's in high school and I had the privilege of being there as her and Bill's relationship began. As things got complicated and they moved to Chicago it should have been devastating for me to lose my best friend and I could have resented Bill for taking her away. But if you knew how happy Priss was to just be with Bill, you too could not wish for anything different. Goodbye Bill, thank you for taking care of my best friend all these years.*

“ To a really close friend. I will miss and love dearly. We will miss our Wii tournaments with the bro Jay and Priss and Brianna. You didn't participate much but you sure were our fan club--sitting at your dining room table doing the wave.

“ Bill was alright in my book. He was an awesome bro- inlaw and a great friend. We worked out with weights together way back in the day and let me tell you, the dude was strong as an ox.
