“ My love goes out to the Bieniasz family. My childhood consisted of spending a-lot of time with Zack and Nick where we would get into so much trouble but also having so much fun doing so. Memories will always stay in my heart and every now and then I'll remember a flashback and have a lil giggle with a couple tears as I think about the crazy kids stunts we pulled.

“ I have been luck to have known Zack for along time . He and Nick would come over often to hang out with my son Hunter , they loved exploring in the woods,,shooting bows and even dressing up in June and going trick or treating at the neighbors, (yes June) . Anytime I would run into Zack after the boys graduated he always greated me with a wonderful smile that will never be forgotten.

“ Zack was one of my best friends in middle school. Although we drifted apart come high school, he was always a friendly smiling face in the hallway. Rest in peace my friend 🧡 you will be missed.

“ I never got very close to Zack, but I distinctly remember him as one of the few people that went out of their way to say hello to me in the hallways at school. While other kids would dismiss me, or make games out of throwing grapes and wadded tinfoil at lunch, he'd stop me in the hallways and chat me up every now and again. He may have never been a friend, but he really made a difference in my days in public school. I'll be lighting a candle for him, may he see its' light and know what a difference he made in the world.

“ From daycare as young kids, to riding bikes in the summer, to bowling season, to working at captain joes together Ive spent a lot of quality time with Zack and the one thing I'll never forget is how nice and sweet Zack was. He always used to tell me how much he liked working with flowers and I thought that was quite beautiful. RIP my friend ❤️

“ Zack and I became friends in 8th grade when I moved to Whitmore because we sat by each other in math and were equally confused. I wish we stayed close, but I'll never forget how kind he was to me.

“ I remember when Zack and I were young I would be playing outside and he would come down the street in his battery operated little red corvette and asked me if I wanted to go for a ride also I remember when he fixed my grandpas tractor and we hooked the trailer up to the tractor and we went for a ride around the subdivision and we got pulled over by the cops 😊 We had lots of fun together.

My heart aches for you and your beautiful family. I enjoyed the small moments i shared with Zach during his grandmothers funeral. You could tell instantly just how sweet he was. Reading the other memories, seems all agree. I can only imagine the emptiness for you all. My prayers are with you all. May you find peace in all his memories.

Our great nephew Zach is gone and we mourn his loss especially because living abroad has meant we have missed out on seeing him grow up into the 20 year old man he had become. Our thoughts and prayers are with Marlene, Chris, Christopher and Nich at this difficult time.
